

Little Nippers Childcare Limited

Directors: C. Paternotte-Chilton & J. Chilton

Plymouth, May 22nd 2020.

Dear Parents/Carers,

Thank you for trusting us to look after your children during these transitional times. In order for us to comply with the government guidelines, we ask you to follow these rules:

- Please drop off and pick up your child from the main door.
- Please keep your distance with our staff but also with other parents/children (only one family on the porch, one at the bottom of the wooden ramp, one outside the gates etc.)
- On arrival, each child will be assigned a keyworker and will stay with that adult and a specific group of friends during the day. This will allow us to minimise contact between all people present. Resources will only be shared within a group and cleaned every night.
- We unfortunately won't have time to have a lengthy handover with every parent in the evenings so we will give you a sheet of paper containing all relevant information (meals, activities, toileting, sleep etc.)
- If possible, please try not to arrive at 5pm on the dot so that we can spread contact time.

Thank you for your understanding.

Kind regards,

Leah and Caroline
